No. 011-26866123 ;126590257</p> <p>Fax: 011-26960629</p> | <p>DSIR promotes and supports industrial research, indigenous technology development, absorption and management of imported technology, trade, transfer & export of technology, strengthening of technical consultancy capabilities and creation and maintenance of S&T information systems. DSIR has a programme on “Technology Promotion, Development and Utilization Programmes” which has the six components viz. Industrial R&D Promotion Programme; Technology Development and Innovation Programme; International Technology Transfer Programme; Consultancy Promotion Programme; Technology Management Programme; and Industrial R&D & Technology Information Facilitation Programme.</p> <p>DSIR has an autonomous institution called the Council of Scientific and Industrial Research. CSIR has established a network of national laboratories/institutes in various parts of the country to undertake research in diverse fields of science and technology and with emphasis on applied research and utilization of research results. There are at present 38 research establishments in different parts of the country, including five regional research laboratories. Some of the establishments have set up experimental, survey or field stations to further their research activities and 39 such stations attached to 16 laboratories are functioning at present.</p> <p>DSIR also has two public sector undertakings – National Research Development Corporation (NRDC), which is engaged primarily in commercialization of lab-scale technologies; and Central Electronics Limited (CEL), which is engaged in the areas of solar photo-voltaics, electronic systems and components.</p> | |
